Subject: RE: tour of the CTP

Wow that's awesome. I will try to make that work. If not, wRoould next week be less desirable for you guys?

Thanks,

Ed

Subject: RE: tour of the CTP

Ed,

We would be happy to accommodate a tour. We can make tomorrow or Friday work.

Mid-morning or early afternoon would be best.

Thanks,

Spencer Thomas Archer, P.E., BCEE

Subject: tour of the CTP

Spencer:

When meeting with BHMC last week they requested a tour of the CTP. To be honest, I've been thinking that it was a good idea so that they have an understanding of how this system works and what happens after the AMD leaves the KT. I want to accommodate their request but remain mindful of all that you have going on. It would be good for them to see the existing system and I'm always of an opinion of the sooner the better. However if that doesn't work it would be advantageous for them to see the temporary system since that is what will be operating for the next 1+years starting very soon.

Let me know when would be a good time or if you see no good time. They indicated they would make whatever available time work and seemed to understand that there is a lot going on. I could conduct the tour solo if that would help but obviously would need to check them in and go through a short safety briefing with your site folks.

So, I would target either something very soon before you are on the temp system or something after the temp system is up and operating.

Lemeno (please note my new backup number and my former cell (208)-699-1838) is no longer valid). Primary number is a cell phone
